Parent Mail

Communicating with parents is an important part of what we do, making sure you get the correct information about activities, events and things that really matter is something we care about.

From Monday 20th November we will be using **ParentMail** to communicate with parents. If you have an Android or Apple smartphone, we would like you to download the **free ParentMail App**. To do this, simply search "ParentMail" in your App store. A registration link will be sent via text and email to all parents on Monday to enable you to create a username and password. Please note, if your number or email has changed you need to let school office know and change your contact details in the ParentMail App. If you have any questions please ask the office staff who will endeavour to help you.
